Registration Number: 123456789

<< Stop >>

Greanwold's World is a multi-aspect children's website with a global multi-player web game, video games, chat rooms, contests and E-commerce and much more. Based on the adventures of Greanwold and the Minosaurs, funny, mysterious creatures from an old world, children ages 6 - 11 work together to rebuild the lost world of the Minosaurs. Children purchase a Minosaur from the selection available. Each Minosaur comes with a registration number that allows a child to log onto the website and adopt a virtual version of their Minosaur. This number allows children to join Greanwold's World providing only first name and a parents email address. Members use their Minosaur or Minosaurs to help rebuild Minosaurs lost world. The contests and video games are available for different ages and new games, challenges and contests are ever changing on the Greanwold website.

On the Home Page, kids (with their parents permission and credit card) chose a **Minosaur Globe** from the selection available seen in the box at the right top of the Home Page. Initially there will be 6 countries to chose from, and a boy or a girl from each of the 6 countries. The child scrolls through the selection in this box and clicks on the one desired which takes them to the **Greanwold Online Shop** where it is purchased with the parents credit card.

Once the child receive the **Minosaur Globe**, he / she registers the **Globe** online using the registration / membership number that comes with the 2GB Flash Card

Minosaur Globe includes the following;

**Minosaur Globe and
Minosaur Friend**

**Greanwold's World Night
Shirt (One size fits all)**

Wristlet for Boys

Necklace for Girls

Collecting Pin. One of 196

**One Year Pre-paid 2GB
Membership Card**

**Membership Badge
and Number**

**Handheld Game
Player with 4
Preloaded Games**

Minosaur Globe Interface After Registration

When the child registers, this the interface on the previous page appears and then the door on the virtual **Minosaur Globe** opens. (Following page) The child's avatar then can enter and begin building both the home / world inside the globe and also begin helping rebuild the **Minosaur World** outside the globe including growing gardens, planting trees, etc, etc.

The **Globes / Homes** are located in the devastated world of the **Minosaurs**. Outside the **Globe / home**, the kids will create gardens, forests, parks and businesses to rebuild **Nogardland**. Inside the **Globe / Homes**, the kids can build whatever kind of place they want to live in, limited only by their imagination.

The child clicks on the door on the virtual **Minosaur Globe** and enters a magical world that is as small or as large as the child's imagination. With the **Minosaur Friends** avatar, the child creates his / her own world inside the globe. The world inside the globe can be anything the child wants selecting anything from the scenes provided.

The space inside the virtual **Minosaur Globe** is unlimited. The child can create a universe, a room, a series of rooms. He / she can invite friends over. The child can either earn **G-bucks** to buy all the stuff necessary to build what they want to create or can buy the stuff using the parents credit card. Parents can pre-set a weekly or monthly amount the child can spend.

The outside of the **Minosaur Globe** is the devastated world of the **Minosaurs** that the children will work cooperatively in rebuilding while at the same time, planting gardens, trees, making a business and growing their online presence.

(This is a summary of the planning for the **globes**. More details are to follow.)

Children who become **Greenwold** members through buying the **Greenwold's World Minosaur Globe** will become part of the **Greenwold's World PenPal Network**. (**GreenPal**)

Here, children from around the world will communicate with each other, learn the customs of other countries,

Greenwold World members can choose to help kids in poor countries through the **Greenwold Foundation for Kids Worldwide** and in doing some, hopefully learn more about the world they are growing up in and what has to be done to help nurture Planet Earth so it is still around by the time the kids reach adulthood.

The screenshot shows the Greenwold's World website. At the top left is a 'Home' button with a globe icon. Next to it is the 'Greenwold's World' logo in large green letters. To the right is a 'Sign in' button. Below the logo is a 'Google Earth' button with a globe icon. The main background features a large image of the Earth. On the right side, there is a 'Help' button with a red alien head icon and a vertical navigation bar with various icons. In the center, a white text box contains the following text:

Greenwold's World GreenPal members. Please click on any project listed below to learn more about the project and how you can help.

Remember, you must have your parent or caregiver complete the permission autorisation for you to get started helping on a project.

Don't forget! With every project, you can earn G-bucks to spend at the Greenwold store OR you can donate them to any project. Why would you donate your hard earned G-bucks?

Cause it makes you feel good!

To the right of the text box is a cartoon green dinosaur character wearing a black t-shirt with a 'MINOSAURS ROCK' logo and blue pants. Below the text box is a 'Projects' section with a row of eight small images showing children in various settings. Below each image is a label: Laos, SriLanka, Cambodia, Nigeria, Panama, Mali, Togo, and Niger. At the bottom of the page, there is a footer with the following text:

THE FUTURE IS OURS TO CREATE.

Part of the **Greanwold's World Minosaur Globe** is 196 collecting pins. Each pin has a flag of Canada and a flag of one of the other 196 countries.

A child who collects all 196 pins qualifies for a big reward. (Details to be finalized)

Perhaps a 4 day vacation in **Disneyworld** or something along those lines. We have to ensure the pins are monetized so we have more than enough profit from each child who collects the 196 pins to justify the reward.

We would also have a “special pin”, a limited quantity that make them very collectible. More thought has to go into this idea.
